BUSINESS DETAIL

From Sample to Shipment

01

Supplier credibility

We evaluate each factory's capacity and capability, plus environmental control, safety and labor practices, and confirm it can meet the buyer's schedule.

02

Sourcing

On order placement we check and control yarn, fabric, accessories and labels, coordinate procurement timing, and let buyers choose accessories and labels.

03

Sampling

Samples follow the buyer's design, fabric, weight, shrinkage and color fastness, and are approved before production begins.

- **Sample designs and styling on request**
- **Open to new developments, enquiries and orders**
- **Order discipline from L/C receipt to shipment**
- **Skilled operators, modern equipment and a QA team**

LEADERSHIP

Message from the Managing Director & CEO

19+

years of hands-on experience in textiles and apparel

My journey has been built on precision, partnership and a deep technical understanding of garment manufacturing.

At Texora Sourcing, we bridge the gap between global buyers and local manufacturing excellence. Apparel sourcing is not merely transactional; it is built on collaborative partnerships, uncompromised quality, strict compliance and reliable execution.

Whether you are seeking high-quality knitwear, premium sweaters or comprehensive apparel solutions, we welcome you to partner with us and experience garment manufacturing delivered with integrity and excellence.
